Identification

Product Name: Trespa® Solid Composite
Formula: Mixture
Synonyms: High pressure decorative laminate
TSCA Listing: This material is classified as an article and not subject to TSCA.

Hazardous Ingredients

This Product is not regulated under the hazard communication standard, 29CFR1910.1200

Physical Data

Boiling Point (700 mmHg): not applicable	Freezing Point: not applicable
Specific Gravity (H ₂ O @ 20/20 °C): Not applicable	Vapor Pressure (100°C): Not applicable
Vapor Density (Air=1 @ 20°C): Not applicable	Solubility In Water (% By Wt. @ 20°): Not applicable
Percent Volatiles by Volume: Negligible	Evaporation Rate (BuAc=1): Not applicable
Ignition Temperature: Not applicable	pH: Not applicable
Thermal Dissolution: 250°C	
Appearance And Odor: Rigid sheet with colored face, no odor	

Fire and Explosion Hazard Data

Flash Point: Not applicable
Explosion Limits: Not applicable
Extinguishing Media: Use water, carbon dioxide or dry chemical to extinguish fires
Special Fire Fighting Procedures: Wear self-contained breathing apparatus and protective clothing.
Unusual Hazards: none

Reactivity Data

Stability: Stable
Hazardous Polymerization: Will not occur
Conditions to Avoid: none
Materials to Avoid: none
Hazardous Decomposition Products: This material may release toxic fumes in a fire depending on burning conditions (temperature and lack of oxygen). Chemical composition similar to wood; carbon dioxide and water are formed during complete combustion.

Effects of Overexposure/Toxicity Data

Acute:

Ingestion (Swallowing): Not applicable
Inhalation (Breathing): Not applicable
Skin Contact: Not applicable
Eye Contact: Not applicable

Chronic:

Carcinogenicity: This product is not listed in NTP, IARC or OSHA as a carcinogen
Reproductive: Not applicable

Mutagenicity: Not applicable

Target Organs: None

Exposure Limits

OSHA PEL: None established
ACGIH TLV: None established

Emergency and First Aid Procedures

Ingestion (Swallowing): Not applicable
Inhalation (Breathing): Not applicable
Skin Contact: Not applicable
Eye Contact: Not applicable

Special Protection Information

Respiratory Protection: no respiratory protection required

Ventilation:

Local Exhaust: Recommended when appropriate to control employee exposure

Mechanical(General): Not recommended as the sole means of controlling employee exposure

Protective Gloves: Not required

Eye Protection: Not required for handling material, but should be worn when machining or sanding material

Spill or Leak Procedures

Steps to be taken if material is released or spilled:

Place in a waste disposal container.

Waste Disposal Method: Disposal must be in accordance with applicable governmental regulations.

Special Precautions

Precautions to be taken in handling and storage: None for employee safety, but recommended handling and storage

Methods should be used to preserve the usability of the material.

Transportation Regulations

Not regulated by DOT.¹
